MyActiveHealth Portal Now Available for Premium Reward Information

All state employees and non-Medicare-eligible retiree group participants eligible for state health coverage may now access the MyActiveHealth.com/cova portal for information about the Premium Reward requirements for the plan year beginning July 1, 2015. Access also applies to enrolled spouses. The portal contains links to the online health assessment and the Physician Results Form for submitting biometric screening results. See the screen shot at left.

Spouses who are not currently covered under a state health plan must contact ActiveHealth at 866-938-0349 for assistance with completing the requirements. Those who are eligible but do not have Internet access may contact ActiveHealth at 866-938-0349 for assistance in completing the requirements.

Premium Reward Requirements

Only the employees/retirees and their spouses who are actually enrolled in COVA Care or COVA HealthAware on July 1, 2015 are eligible to receive a Premium Reward. The Premium Reward requirements for the 2015-2016 plan year are attached. These requirements also will be included in the upcoming Spotlight newsletter and non-Medicare retiree notification that will be mailed for Open Enrollment.

If the requirements are not completed by June 30, 2015, eligible members enrolled effective July 1, 2015 can complete the health assessment and/or the biometric screening through May 31, 2016. The Premium Reward for the member will be effective the first of the month after both requirements are completed, submitted and accepted. Members whose coverage is effective after July 1, 2015, will not qualify for Premium Rewards for the 2015-2016 plan year.
