

Commonwealth of Virginia
Office of Governor Terry McAuliffe

November 16, 2017

Dear Fellow State Employees,

In May of last year, I was proud to be part of the grand opening for Capitol Square Healthcare in downtown Richmond, a pilot health and wellness center for all state employees. Since it opened, the center has received an overall 99 percent employee satisfaction rating. It has been so well-received that we are expanding its services.

I wanted to let you know that Capitol Square Healthcare will now [treat your entire family](#) if they are covered by a state health plan. In addition, everyone in the family can get a free annual exam with lab tests and a [free flu shot](#).

It is my hope this will have a positive impact on overall family health.

I am so glad that you like the clinic and that it has been a success. Thank you for all you do for the Commonwealth.

Sincerely,

Governor Terry McAuliffe
