Virginia Department of Health and the OnTheSquareVA team challenge you to an Emergency Kit Cook-off as part of Emergency Preparedness Month. Participants must submit recipes that use only non-perishable pantry items as ingredients. Be creative with your ingredients and create a hot or cold dish that you would eat if required to shelter in place.

Prizes will be awarded on the day of the event. You will also find food trucks, emergency preparedness vendors, music and can even get a free flu shot.

For more details, rules and the recipe submission forms, visit onthesquareva@virginia.gov under special events.
