Express Scripts Medicare (PDP) for  
LODA – Medicare Primary

LODA - Medicare Primary

## Annual Notice of Changes for 2022

You are currently enrolled as a member of **Express Scripts Medicare®** (PDP). The benefit described in this document is your final benefit after combining the standard Medicare Part D benefit with enhanced coverage under the plan offered by LODA – Medicare Primary. Starting January 1, 2022, there will be some changes to the plan’s coverage levels. *This booklet describes the changes.*

**Changes to Medicare prescription drug coverage for the next year can generally be made from October 15 until December 7. This means that Medicare beneficiaries can select a new Medicare Part D prescription drug plan during this time that will start on the following January 1. LODA – Medicare Primary does not have an annual enrollment period. Enrollment in this prescription drug plan is only available immediately upon eligibility for coverage. You may terminate this coverage prospectively at any time, but once terminated, you may not re-enroll. Terminating this coverage will also result in termination of related LODA Health Benefits Plans. Section 2 of this booklet and your LODA – Medicare Primary Annual Notification booklet, which will be mailed to you separately by the end of October, will provide additional information regarding your options.**

## Think About Your Medicare Coverage for Next Year

Each fall, Medicare allows all beneficiaries to change Medicare health and drug coverage during the Annual Enrollment Period. **However, under your current plan, you can end coverage prospectively at any time, and this will allow you a special enrollment opportunity so you can elect coverage in another Part D plan.** In any case, it's important to review your coverage now to make sure it will meet your needs next year. As a reminder, this is the only premium-free Medicare prescription drug coverage that is available to LODA Health Benefits Plans participants.

### Important things to do:

- Check the changes to our benefits and costs to see if they affect you.** It is important to review benefit and cost changes to make sure they will work for you next year. Please note this is only a summary of changes. Look in **Section 1** for information about benefit and cost changes for our plan.
- Check the changes to our prescription drug coverage to see if they affect you.** Will your drugs be covered? Are they in a different tier? Can you continue to use the same pharmacies? It is important to review the changes to make sure our drug coverage will work for you next year. Look in **Section 1** for information about changes to our drug coverage. Do any of your drugs have new restrictions, such as needing approval from us before you fill your prescription?
- Think about your overall costs in the plan.** How much will you spend out of pocket for the services and prescription drugs you use regularly? How do the total costs compare to other Medicare coverage options? (Other than income-related adjustments, there is no premium cost for eligible LODA – Medicare Primary participants.)

### If you decide to stay with Express Scripts Medicare:

If you want to stay with us in 2022, it's easy – you don't need to do anything. You will automatically stay enrolled in our plan if you continue to be eligible and don't enroll in another Part D plan.

### If you decide to change plans for next year:

If you decide that coverage in another Part D plan will better meet your needs, please see **Section 2.2** to learn more about your choices. Please see **Section 3** for information about deadlines for changing plans. If you enroll in a new plan, your new coverage will usually begin on January 1, 2022. Remember, termination of this Part D plan will result in termination of any related LODA Health Benefits Plans.

**SECTION 1 Changes to Benefits and Costs for Next Year**

---

**Section 1.1 – Changes to the Monthly Premium**

---

Although you do not pay a monthly premium for your prescription drug coverage, if you have a higher income, you may have to pay an amount each month *directly to the government* for your Medicare prescription drug coverage.

---

**Section 1.2 – Changes to Part D Prescription Drug Coverage**

---

**Changes to Your Prescription Drug Costs**

---

**Note:** If you are in a program that helps pay for your drugs (“Extra Help”), **the information about costs for Part D prescription drugs may not apply to you.** We have included a separate insert, called “Important Information for Those Who Receive Extra Help Paying for Their Prescription Drugs” (also called the “Low Income Subsidy Rider” or “LIS Rider”), which tells you about your drug coverage and costs. If you get Extra Help and didn’t receive this insert with this packet, please call Customer Service and ask for the LIS Rider. Phone numbers for Customer Service are on the front cover of this booklet.

**This plan has four drug payment stages. The drug payment stage will affect how much you pay for a Part D drug.**

The following chart summarizes changes to the plan’s drug payment stages and your cost-sharing amounts for covered prescription drugs. The changes shown will take effect on January 1, 2022, and will stay the same for the entire calendar year. How much you pay for a drug depends on which “tier” the drug is in. The costs in this chart are for prescriptions filled at network pharmacies. Generally, we cover drugs filled at an out-of-network pharmacy only when you are not able to use a network pharmacy. There may also be restrictions for approved prescriptions filled at out-of-network pharmacies, such as a limit on the amount of the drug you can receive. **There are no changes in your copayment or coinsurance levels for Drug Tiers 1 – 4 in 2022.**

**Changes to Our Drug List**

---

Our list of covered drugs is called a formulary or “drug list.” Our drug list is available by logging into [express-scripts.com/documents](https://www.express-scripts.com/documents). This brings you to a PDF of our printed drug list for 2022, which will be available online beginning on October 15, 2021. We made some changes to our drug list, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. The drug list includes many – *but not all* – of the drugs that we will cover next year. If a drug is not on our list, it might still be covered. Contact Customer Service to determine whether your drug is covered.

If a drug you are currently taking is being removed from the formulary or is moving to a higher cost-sharing tier, you can:

- **Work with your doctor (or other prescriber) and ask the plan to make an exception** to cover the drug. To learn what you must do to ask for an exception, contact Customer Service at the numbers on the front cover of this document.
- **Find a different drug** that we cover. You can call Customer Service at the numbers on the front cover of this document to ask for a list of covered drugs that treat the same medical condition.

To avoid a gap in therapy, in some situations we are required during the first 90 days of coverage of each plan year to cover a temporary supply of certain drugs that are being removed from the formulary. (To learn more about when you can get a temporary supply and how to ask for one, contact Customer Service.) During the time when you are getting a temporary supply of a drug, you should talk with your doctor to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.

If you currently have a formulary exception on file, you may need to submit a new request for an exception. The approval letter you received contains a start and end date for the approval. Please refer to this letter or contact Customer Service to determine if a request for a new exception is needed.

Most of the changes in the drug list are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules.

When we make these changes to the drug list during the year, you can still work with your doctor (or other prescriber) and ask us to make an exception to cover the drug. We will also continue to update our online drug list as scheduled and provide other required information to reflect drug changes.

---

**Section 1.3 – Changes to the Pharmacy Network**

---

Amounts you pay for your prescription drugs may depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered *only* if they are filled at one of our network pharmacies. Please visit our website at [express-scripts.com](https://www.express-scripts.com) or call Express Scripts Medicare Customer Service for more information.

There are some changes to our network of pharmacies for next year. However, the majority of pharmacies that participate in our network in 2021 will continue to participate in 2022. You can access information about what pharmacies are in our network by logging into [express-scripts.com/pharmacies](https://www.express-scripts.com/pharmacies) or by calling Customer Service. You can also ask us to mail you a *Pharmacy Directory*.

## **SECTION 2      Deciding Which Plan to Choose**

### **Section 2.1 – If You Want to Stay in Express Scripts Medicare for LODA – Medicare Primary**

**To stay in this plan, you don't need to do anything. You will automatically remain enrolled in this plan for 2022 if you continue to be eligible for LODA – Medicare Primary and Medicare does not disenroll you for any reason.**

### **Section 2.2 – If You Want to Change Plans**

You may leave this plan prospectively at any time. Doing so will allow a special enrollment opportunity in another Part D plan. If you enroll in another Part D plan or a Medicare Advantage Plan that includes prescription drug coverage, it will result in your disenrollment from this plan. If you leave this plan, you may not re-enroll later, and you will also be terminated from related LODA Health Benefits Plans. Your Annual Notification booklet will include additional information.

You will find more information about other Medicare Part D or Medicare Advantage plans available in your area by contacting Medicare. You can access Medicare via their website at <https://www.medicare.gov/plan-compare> or call 1.800.MEDICARE (1.800.633.4227). TTY users should call 1.877.486.2048, 24 hours a day, 7 days a week.

As a reminder, Express Scripts Medicare offers other Medicare prescription drug plans that are not a part of the LODA Health Benefits Plans. These other plans may differ in coverage, monthly premiums and cost-sharing amounts.

## **SECTION 3      Deadline for Changing Plans**

All Medicare beneficiaries can change to a different prescription drug plan or to a Medicare health plan from **October 15 until December 7**. Generally, a change in coverage will take effect on January 1, 2022.

However, as a member of LODA – Medicare Primary's Medicare Part D plan (this plan), which is an Employer Group Waiver Plan, you have more flexibility in making plan changes, including access to a Special Enrollment Period whenever you decide to drop our plan. To get more details on this, please call Customer Service for more information. **However, if you terminate this plan, it will result in termination of related LODA Health Benefits Plans.** As a reminder, this is the only premium-free Medicare prescription drug coverage that is available to LODA Health Benefits Plans participants.

**Are there other times of the year to make a change?**

In certain situations, even outside of the state program, changes are also allowed at other times of the year. For example, people with Medicaid or those who get Extra Help paying for their drugs are allowed to make a change at other times of the year. However, if you terminate this plan, it will result in termination of related LODA Health Benefits Plans.

Note: If you're in a drug management program, you may not be able to change plans.

**SECTION 4 Programs That Offer Free Counseling About Medicare**

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state. A SHIP is independent (not connected with any insurance company or health plan). It is a state program that gets money from the federal government to give **free** local health insurance counseling to people with Medicare. SHIP counselors can help you with your Medicare questions or problems. They can help you understand your Medicare plan choices and answer questions about switching plans. You can contact the SHIP in your state by contacting Medicare. However, the SHIP cannot answer questions about LODA Health Benefits Plans eligibility.

**SECTION 5 Programs That Help Pay for Prescription Drugs**

You may qualify for help paying for prescription drugs. We have listed the different types of help below:

- **“Extra Help” from Medicare.** People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay up to seventy-five (75) percent or more of your drug costs, including the national average monthly prescription drug premiums, annual deductibles and coinsurance. Additionally, those who qualify will not have a coverage gap or a late enrollment penalty. Many people are eligible and don't even know it.

To see if you qualify, call:

- 1.800.MEDICARE (1.800.633.4227). TTY users should call 1.877.486.2048, 24 hours a day, 7 days a week;
  - The Social Security Office at 1.800.772.1213 between 7 a.m. and 7 p.m., Monday through Friday. TTY users should call 1.800.325.0778 (applications); or
  - Your State Medicaid Office (applications).
- **Help from your state's pharmaceutical assistance program.** The State Pharmaceutical Assistance Program helps people pay for prescription drugs based on their financial need, age or medical condition. To learn more about the program, check with your State Pharmaceutical Assistance Program.

- **Prescription cost-sharing assistance for persons with HIV/AIDS.** The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Individuals must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/underinsured status. For information on eligibility criteria, covered drugs, or how to enroll in the program, check with your state AIDS Drug Assistance Program.

## SECTION 6 Questions?

We're here to help. Please call Customer Service at **1.800.572.4098**. Customer Service is available 24 hours a day, 7 days a week. TTY users should call **1.800.716.3231**.
