Your State Health Plans and COVID-19

As we learn more about the impact of the Coronavirus COVID-19, state employee health plans are taking steps to help members who suspect they may have the illness. In most cases, for a 90-day period, plans are waiving costs for lab testing associated with the virus.

Please be advised that testing for COVID-19 may be limited, must be ordered by your attending physician and approved by your health plan.

COVA Health Plans

- COVA Care
- COVA HDHP
- COVA HealthAware

Cost sharing will be waived for a 90-day period for approved testing of COVID-19.

Regional Health Plans

- Optima Health Vantage HMO
- Kaiser Permanente HMO

If you are covered under these plans, please contact the health plan regarding COVID-19.

Questions about testing? Please contact your primary care doctor.
