ENHANCED MEDICARE PART D PLAN OPTION

Effective January 1 – December 31, 2021

Participants covered under the Advantage 65 Plan or Advantage 65 + Dental/Vision Plan will have the outpatient prescription drug coverage described below (pending Medicare approval). The level of coverage is based on:

- *Whether the drug is included on the plan's formulary — the list of covered drugs for the current plan year which is available at **www.express-scripts.com/documents** or by calling Customer Service at 1-800-572-4098 (TTY users call 1-800-716-3231)*
  - *Generally, drugs that are not on the plan's formulary will not be covered; however additional information regarding exceptions is provided in the Evidence of Coverage.*
- *The coverage tier of the drug — tiers are described in the chart below and are designated for all covered drugs in your formulary*
- *The coverage stage — each coverage stage is described below*

Deductible Stage – *A $445 annual deductible will apply to covered brand-name drugs. There is no deductible for covered generics.*

Initial Coverage Stage – *Once the annual deductible has been met for covered brand-name drugs (and immediately for covered generics), the Initial Coverage Stage will provide the following benefit until total drug cost reaches $4,130:*

Drug Tier	Supply of Medication/ Method of Purchase	Your Copayment/Coinsurance Amount
Tier 1 Generics	Up to a 34-day supply of a covered generic drug at a participating retail pharmacy	$7.00
Tier 1 Generics	Up to a 90-day supply of a covered generic drug purchased through the mail service program	$7.00
Tier 2 Preferred Brands	Up to a 34-day supply of a covered preferred brand drug at a participating retail pharmacy	$25.00 (after deductible)

Coverage Stages *continued on page 5*

Coverage Gap Stage – **This plan does not have a coverage gap.** *After your total drug costs reach* **$4,130** *in the 2021 plan year (the point at which standard plans reach their Coverage Gap), this plan will generally cover generic and formulary brand-name drugs at the same copayment or coinsurance as in the Initial Coverage Stage. However, due to the Medicare Coverage Gap Discount Program, the amount you pay for non-preferred drugs may be lower. You will stay in this stage until your out-of-pocket drug cost plus the amount paid by the Coverage Gap Discount Program for this plan year reaches* **$6,550**. *The plan's Evidence of Coverage has complete information.*

Catastrophic Coverage Stage – *In 2020, if your annual true out-of-pocket drug expense (including deductible, copayments, coinsurance, and the contribution from the Medicare Coverage Gap Discount Program, but not including the cost of non-covered or excluded drugs) reaches* **$6,550**, *you will pay the greater of either 5% coinsurance or a copayment of* **$3.70** *(generics or drugs treated as generics) or* **$9.20** *(brand-name drugs). You will remain in this stage for the remainder of the year.*

Medicare Explanation of Benefits (EOB) – *To help participants track their coverage stages, an EOB is provided by the claims administrator for any months during which their benefit is used.
