# Virginia Risk Control Institute

- VRCI is open to VA state and local government employees currently responsible for human resources; workers' compensation; risk management; and/or developing, implementing, and monitoring employee health and safety programs.
- Applicants for VRCI courses must hold an earned high school diploma or GED.
- Acceptance into the program is based not only on experience, but also on safety/health background and the percentage of time spent in direct support of agency safety, health, or risk management goals.
- Eligibility and tuition coverage for:
  - Agency employees who carry their workers' compensation insurance through DHRM.
  - State agency, local government and constitutional officer employees who are insured in VaRISK or VaRISK2.

## Risk Management Principles of Risk Management and Insurance

January 23 & 24  
February 20 & 21  
March 19 & 20  
April 9 & 10

9am - 5pm  
Virtual, synchronous

*This course is an introduction to the study of risk management as it applies to individuals and enterprises. It introduces the use of non-insurance (capital markets) and insurance tools for managing property, liability, life cycle risks, and financial risks. The course covers sustainability, InsurTech, and cyber threats and is structured to generate an awareness of the changing nature of risks and their handling. The course is designed as a basis for more advanced risk management and risk control courses.*

## Risk Control: Safety Management Systems

January 30 & 31  
February 27 & 28  
March 26 & 27  
April 30 & May 1

9am - 5pm  
Virtual, synchronous

*This course addresses the concepts and practices of system safety. Included are basic system concepts, application of system safety techniques, qualitative and quantitative applications such as fault-free, failure-mode-and-effects, management oversight and risk tree (MORT), and cost-benefit analyses.*
