

## Commonwealth of Virginia Employees can save 20% off TransUnion SmartMove's QuickCheck service

TransUnion SmartMove is an online portal that allows renters to provide all necessary information, such as comprehensive credit reports, criminal background checks, etc., to landlords when submitting a housing application. SmartMove keeps all private information hidden from the landlord, such as bank accounts and Social Security numbers, has no impact on the applicant's credit score, and is the perfect tool for both experienced and first-time renters.
