BB&T and SunTrust formed Truist with a shared purpose—to inspire and build better lives and communities.
How Can We Help?

Our program can help you set your financial wellness in motion, offering you the resources you need to succeed in your personal financial life. As an employee of an @Work member company, you are granted access to a comprehensive package of tools and services.

Foundational Components of Our Program

**Partner** - A personal banker works with employees to understand where they’ve been, where they are, where they want to go.

**Plan** - This partner helps employees understand the steps they need to take to progress toward their goals and also help avoid potential blind spots.

**Action** - Employees are provided access to tools and resources to make their plan active, with their partner to act as a coach, today and for the long run.
