

DHRM HR Highlights June

Commonwealth Mentorship Program

State employee leaders are encouraged to apply to serve as a “Mentor” in this new DHRM statewide mentoring initiative, called the Commonwealth Mentorship Program. Leaders, we understand that your time is valuable. You may feel that you don’t have the capacity to commit to a mentoring relationship at this time. On the other hand, just think of the positive impact that you could make on someone else’s career development and potential! Join an already vibrant cohort of mentors, we have 40 interested higher level professionals, but we do have a greater cohort of interested mentees. 75% of executives credit their success to mentorship, so please consider joining this effort!

For those interested, apply here at <https://www.dhrm.virginia.gov/mentorship-program>. Please create an account via the Qooper app and build your candidate profile. This will serve as your application. All applications are due by July 31. Decisions will be provided by August 15. For other information or to request a reasonable accommodation, please contact us at: cmp@dhrm.virginia.gov.
