

July HR Highlights

CVC Coordinators Request

As we prepare for the **2024 Commonwealth of Virginia Campaign's (CVC)** season, below are key dates and ways we encourage you and your organizations to get involved and prepare. This upcoming campaign will be CVC's 27th year and we appreciate your help in raising over **\$1.1 million dollars** for the 651 charities that participated in the 2023 campaign!

We would like to request your help!

Please **nominate** an employee(s) from your agency to serve as a CVC Agency Coordinator. State employees should consider voluntarily joining the 2024 Commonwealth of Virginia Campaign as an Agency Coordinator. Coordinators are representatives from state organizations that play a key role during the campaign season in assisting their agency with raising funds on behalf of non-profit charities, volunteering, and creating ways to engage with fellow colleagues. The CVC seek employees who are passionate about community service and helping others. Support the CVC now by submitting the name(s) of a state employee(s) [here](#) by **COB August 9, 2024**. Even if your Agency CVC Coordinator is returning, or is not changing, please complete the form.

Those who are nominated will receive training prior to the CVC Kickoff. Nominees will receive communications regarding training at a later date.

Key Dates to Remember
