

**HR Highlights**

**October 2022**

### **Celebrate National Disability Employment Awareness Month in October**

The Department of Human Resource Management (DHRM) is partnering with the Department for Aging and Rehabilitative Services (DARS) and the Department for the Blind and Visually Impaired (DBVI) in the annual communications campaign to support National Disability Employment Awareness Month in October. The Commonwealth of Virginia supports an environment of inclusivity for all employees, including individuals with disabilities. Throughout the month, DHRM, DARS and DBVI will be providing information and education through social media and email. We ask for your support and encourage your agency to participate in this annual event.
