REGISTRATION

Virginia
Risk Control
Institute

- VRCI is open to VA state and local government employees currently responsible for human resources; workers' compensation; risk management; and/or developing, implementing, and monitoring employee health and safety programs.
- Applicants for VRCI courses must hold an earned high school diploma or GED.
- Acceptance into the program is based not only on experience, but also on safety/health background and the percentage of time spent in direct support of agency safety, health, or risk management goals.
- Eligibility and tuition coverage for:
 - Agency employees who carry their workers' compensation insurance through DHRM.
 - State agency, local government and constitutional officer employees who are insured in VaRISK or VaRISK2.

Risk Management: Principles of Risk Management & Insurance

**This course can apply to either the RM or RC certification.*

****Tuesday & Wednesday class days**

January 20 & 21

February 17 & 18

March 18 & 19 ***Note Wed/Thurs class days**

April 14 & 15

**9am - 5pm
Virtual, synchronous**

Instructor: Sue Zoboli

This course is an introduction to the study of risk management as it applies to individuals and enterprises. This course introduces the use of non-insurance (capital markets) and insurance tools for managing property, liability, life cycle risks, and financial risks. The course covers sustainability, InsurTech, and cyber threats and is structured to generate an awareness of the changing nature of risks and their handling. The course is designed as a basis for more advanced risk management and risk control courses.

Risk Control: System Safety Management

**** Tuesday & Wednesday class days**

January 27 & 28

February 24 & 25

March 24 & 25

April 14 & 15

**9am - 5pm
Virtual, synchronous**

Instructor: Susan Wilcox

This course addresses the concepts and practices of system safety. Included are basic system concepts, application of system safety techniques, qualitative and quantitative applications such as fault-free, failure-mode-and-effects, management oversight and risk tree (MORT), and cost-benefit analyses.
